- SOTTOFRONTALI - FOREND SPACERS	Pag. 235

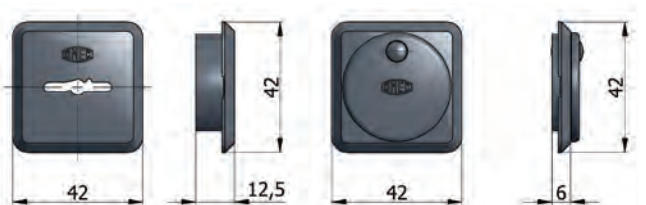

Borchia
Rose

Per cilindri ovali
For oval cylinders

COD.	Materiale - Material			
0140 N	Nylon nero - Black nylon	0,002	100	-

Coppia borchie guida chiave (con viti)
Pair of key guide escutcheon (with screws)

Per serrature a doppia mappa
For double-bit key locks

COD.	Materiale - Material			
0590 N	Nylon nero - Black nylon	0,040	10	-

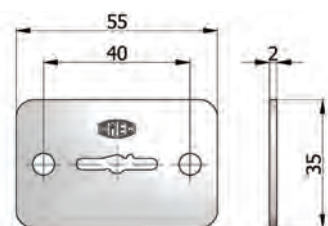

Borchia
Rose

Per cilindri sagomati
For profile cylinders

COD.	Materiale - Material			
0120 N	Nylon nero - Black nylon	0,004	100	-

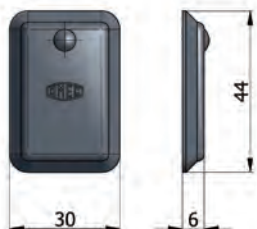

Borchia guida chiave
Key guide escutcheon

Per serrature a doppia mappa
For double-bit key locks

COD.	Materiale - Material			
0590 A	Acciaio zincato - Zinc-plated steel	0,040	50	-

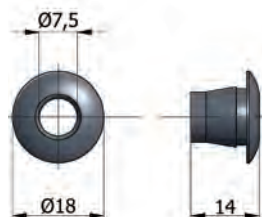

Borchia guida chiave (con viti)
Key guide escutcheon (with screws)

Per serrature con cilindro
a spillo
For cross key locks

COD.	Materiale - Material			
0440 N	Nylon nero - Black nylon	0,010	50	-

Borchia guida chiave
Key guide rose

Per serrature con cilindro
a spillo
For cross key locks

COD.	Materiale - Material			
0441 N	Nylon nero - Black nylon	0,001	100	-

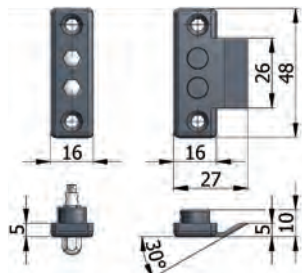

Accessori per elettroserrature

Accessories for electric locks

Coppia contatti (con spessori)

Pair of contacts (with spacers)

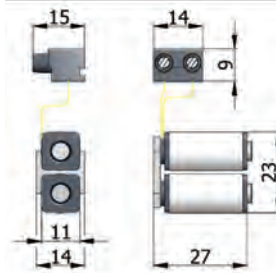

Per elettroserrature
For electric locks

COD.	Caratteristiche elettriche Electrical features			
050	12V - 1,5 A	0,030	10	-

Gruppo bobine

Coil set

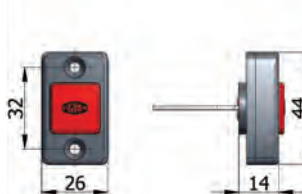

Per elettroserrature serie
For electric locks series
cod. 388-399-788-799-888-899-999

COD.	Caratteristiche elettriche Electrical features			
034	12V - 15W a.c.	0,030	10	-

Pulsante meccanico di apertura (con viti)

Mechanical push-button (with screws)

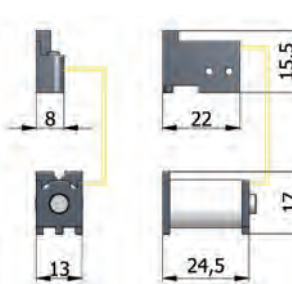

Per elettroserrature predisposte
For predisposed electric locks

COD.	Materiale - Material			
058	Nylon	0,030	10	-

Bobina

Coil set

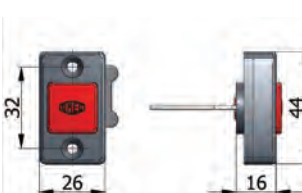

Per elettroserrature serie
For electric locks series
cod.1167-1177-1187-1267-1277-1287-1437-14379-1447-14479-1457-14579-1467-1477-1487-1567-1577-1587-1667-1677-1687-4437-44379-4447-44479-4457-44579-4467-4477-4487

COD.	Caratteristiche elettriche Electrical features			
037	12V - 10W a.c. / d.c.	0,021	10	-

Pulsante meccanico di apertura con fermo a giorno (con viti)

Mechanical push-button with hold open device (with screws)

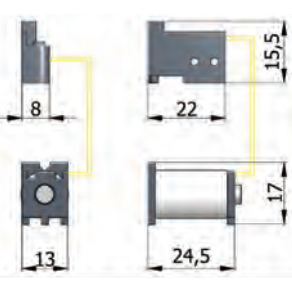

Per elettroserrature predisposte
For predisposed electric locks

COD.	Materiale - Material			
059	Nylon	0,030	10	-

Bobina

Coil set

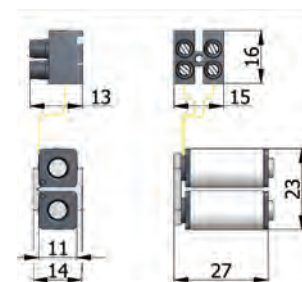

Per elettroserrature serie
For electric locks series
cod.1168-1178-1188-1268-1278-1288-1438-1439-1448-1449-1458-1459-1468-1478-1488-1568-1578-1588-1668-1678-1688-4438-4439-4448-4449-4458-4459-4468-4478-4488

COD.	Caratteristiche elettriche Electrical features			
038	12V - 10W a.c. / d.c.	0,021	10	-

Gruppo bobine

Coil set

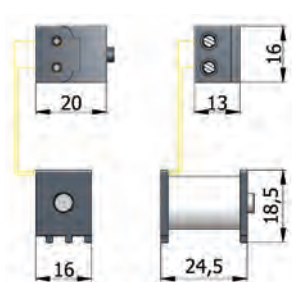

Per elettroserrature serie
For electric locks series
cod. 1777-377-378-777-778-877-878

COD.	Caratteristiche elettriche Electrical features			
033	12V - 15W a.c.	0,031	10	-

Bobina

Coil set

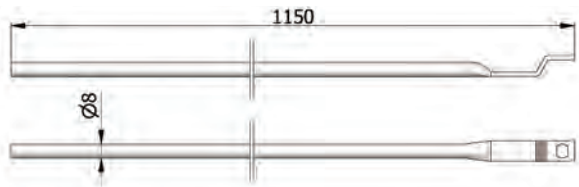

Per elettroserrature serie
For electric locks series

048				

Asta interna

Internal rod

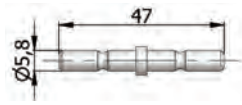

Per kit serie - For kit series
cod. 0670

COD.	Materiale - Material			
AST001	Acciaio zincato - Zinc-plated steel	0,196	10	-

Prolunga

Pin joint

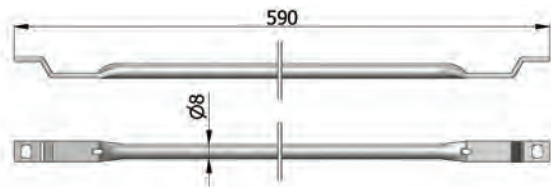

Per kits serie
For kits series
cod. 0670-0690

COD.	Materiale - Material			
PRS070	Acciaio zincato - Zinc-plated steel	0,010	50	-

Asta interna

Internal rod

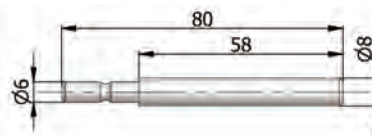

Per kits serie - For kits series
cod. 0680-0690-0780

COD.	Materiale - Material			
AST002	Acciaio zincato - Zinc-plated steel	0,100	10	-

Puntale antisega

Steel-saw resistant tip

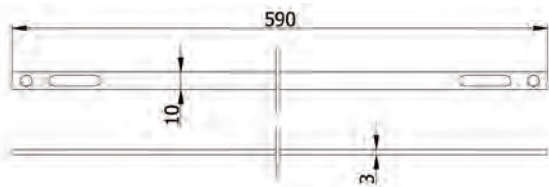

Per kits serie
For kits series
cod. 0670-0690

COD.	Materiale - Material			
PRS071	Acciaio cementato e zincato Hardened and zinc-plated steel	0,027	50	-

Asta esterna

External rod

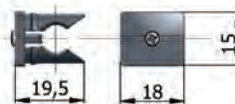

Per kits serie - For kits series
cod. 0681-0691-0781

COD.	Materiale - Material			
AST003	Acciaio zincato - Zinc-plated steel	0,126	10	-

Pinza guida asta

Rod guide

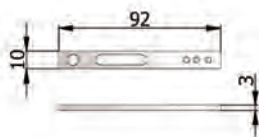

Per kits serie
For kits series
cod. 0670-0680-0690-0780

COD.	Materiale - Material			
ANY031	Nylon nero - Black nylon	0,003	50	-

Piastrina di collegamento

Connecting plate

Per kits serie - For kits series
cod. 0671-0682-0691-0692-0782

COD.	Materiale - Material			
PSR028	Acciaio zincato - Zinc-plated steel	0,160	50	-

Boccola

Bushing

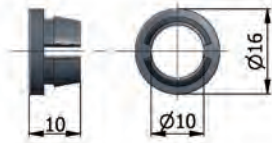

Per kits serie
For kits series
cod. 0670-0690

COD.	Materiale - Material			
ANY032	Nylon nero - Black nylon	0,001	100	-

Boccola

Bushing

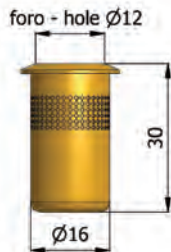

Per kits serie
For kits series
cod. 0670-0690

COD.	Materiale - Material				
ANY033	Nylon nero - Black nylon	0,001	100	-	

Boccola antipolvere a pavimento

Sprung dust floor striker

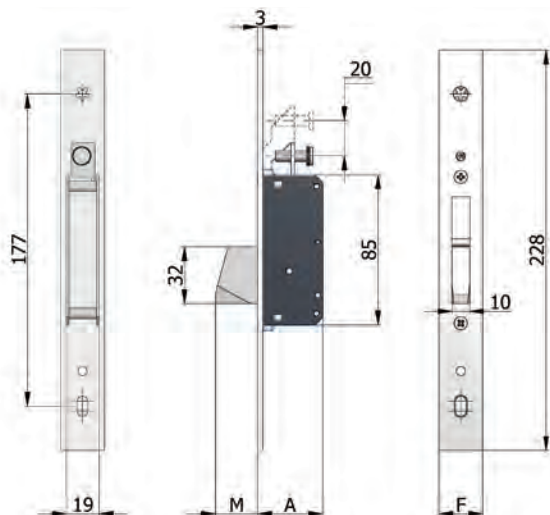

Per kits serie
For kits series
cod. 0670-0671-0674-0690-0691-
0692-0694-0699

COD.	Materiale - Material				
0630 T	Ottone - Brass	0,020	10	-	

Deviatore basculante per 3 punti di chiusura

3 locking points tipping deviator

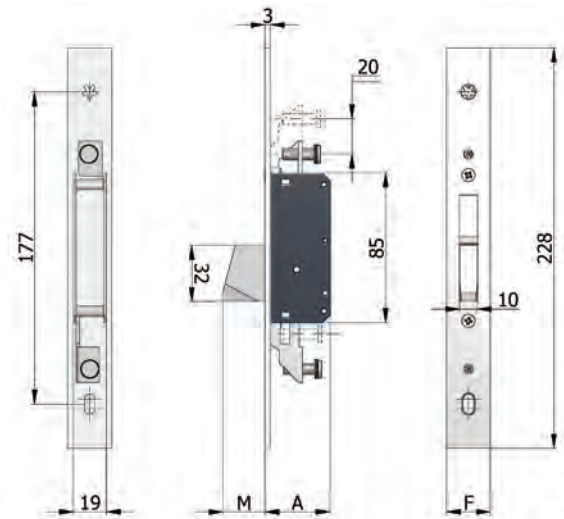

Per kits serie - For kits series
cod. 0680-0681-0682-0684-0689

COD.	F	A	M					
0661	25	37	24		0,340	2	-
